Albania	When arriving from a high-risk area, you are obligated to produce a medical certificate proving a negative COVID-19 PCR test (the test has to have been administered in the last 72 hours before arrival).	Travellers from Albania will not need to quarantine or provide a medical certificate.	Travellers are encouraged to undertake a PCR test prior to travel or in the airport upon arrival. If not, you will be asked to comply with a seven-day isolation period at your place of residence or in a suitable accommodation facility.	Cross-border travel for urgent reasons such as medical treatment will be allowed on a case-by-case basis, regardless of nationality. Travellers have to present a valid test taken within 48 hours prior to arrival.	Hong Kong has restricted the entry of foreign nationals who have been in areas other than China, Taiwan, or Macau in the past 14 days.	All travellers arriving in the country from areas except Northern Ireland are required to co-ordinate a Public Health Passenger Locator Form and self-quarantine for 14 days.	Israel has restricted the entry of all travellers who are not Israeli nationals or residents of Israel. Travellers who have specific entry approval from the population and Immigration Authority of Israel may still enter the country.	Travellers will be required to fill in a self-declaration form specifying the reason for entering to Italy and they must self-isolate and undergo supervision by the competent health authorities for 14 days. There are exceptions.	Foreign nationals are denied permission to enter Japan for the time being, unless there are exceptional circumstances.	All foreign nationals, with very limited exceptions, are restricted from entry to Malaysia until December 31, though this end-date may be further extended at the discretion of the Malaysian government.	Travellers entering Singapore will be tested for COVID-19 and must also self-isolate for 14 days at a dedicated Stay-Home-Notice (SHN) facility at their own cost; travellers are responsible for covering all of these costs.	Passengers who document reasons of force majeure or situation of need are allowed to enter Spain. It is mandatory to fill out and sign the PCS Test (on the web spth.gob.es or in our mobile app) associated with your trip.	All travellers entering Korea must install the Self-Diagnosis App and are subject to a 14-day quarantine from the day after arrival.	People arriving in Switzerland from Albania are required to go into quarantine for 10 days, a negative test result does not exempt you from the mandatory quarantine requirement.	Upon entry, Taiwan requires all foreign nationals to complete a health declaration, present an English-language certificate of a negative COVID-19 test taken within three working days of boarding the flight to Taiwan and undergo a 14-day home quarantine period.	Turkey has now lifted its COVID-19 travel restrictions. Passengers arriving in Turkey will be required to co-operate an information form and will be checked for symptoms.	The United Kingdom does not have entry restrictions, however all travellers must show proof of a completed passenger locator form at the UK border and self-isolate for 14 day.	All international travellers who are permitted to enter should expect heightened screening measures and will be asked to self-quarantine for 14 days after their return.
Bosnia & Herzegovina	When arriving from a high-risk area, you are obligated to produce a medical certificate proving a negative COVID-19 PCR test (the test has to have been administered in the last 72 hours before arrival).	Travellers from Bosnia & Herzegovina will not need to quarantine or provide a medical certificate.	Travellers have to either present a negative PCR test result, carried out less than 72 hours before departure or submit to a test at the airport upon arrival in France.	Cross-border travel for urgent reasons such as medical treatment will be allowed on a case-by-case basis, regardless of nationality. Travellers have to present a valid test taken within 48 hours prior to arrival.	Hong Kong has restricted the entry of foreign nationals who have been in areas other than China, Taiwan, or Macau in the past 14 days.	All travellers arriving in the country from areas except Northern Ireland are required to co-ordinate a Public Health Passenger Locator Form and self-quarantine for 14 days.	Israel has restricted the entry of all travellers who are not Israeli nationals or residents of Israel. Travellers who have specific entry approval from the population and Immigration Authority of Israel may still enter the country.	Passengers travelling for health reasons can enter Italy. They must fill in a self-declaration and self-isolate and undergo supervision by the competent health authorities.	Foreign nationals are denied permission to enter Japan for the time being, unless there are exceptional circumstances.	All foreign nationals, with very limited exceptions, are restricted from entry to Malaysia until December 31, though this end-date may be further extended at the discretion of the Malaysian government.	Travellers entering Singapore will be tested for COVID-19 and must also self-isolate for 14 days at a dedicated Stay-Home-Notice (SHN) facility at their own cost; travellers are responsible for covering all of these costs.	Passengers who document reasons of force majeure or situation of need are allowed to enter Spain. It is mandatory to fill out and sign the PCS Test (on the web spth.gob.es or in our mobile app) associated with your trip.	All travellers entering Korea must install the Self-Diagnosis App and are subject to a 14-day quarantine from the day after arrival.	People arriving in Switzerland from Bosnia & Herzegovina are required to go into quarantine for 10 days, a negative test result does not exempt you from the mandatory quarantine requirement.	Upon entry, Taiwan requires all foreign nationals to complete a health declaration, present an English-language certificate of a negative COVID-19 test taken within three working days of boarding the flight to Taiwan and undergo a 14-day home quarantine period.	Turkey has now lifted its COVID-19 travel restrictions. Passengers arriving in Turkey will be required to co-operate an information form and will be checked for symptoms.	The United Kingdom does not have entry restrictions, however all travellers must show proof of a completed passenger locator form at the UK border and self-isolate for 14 day.	All international travellers who are permitted to enter should expect heightened screening measures and will be asked to self-quarantine for 14 days after their return.
